

Oral Health in Your Office

Healthy Teeth Healthy Children

PA Chapter, American Academy of Pediatrics

What is the Oral Health in Your Office training?

The Oral Health in Your Office training provides information around integrating oral health screening, risk assessment and fluoride varnish application during pediatric well visits. Support around reimbursement for fluoride varnish application for children under 5 is also included. This free training can be conducted in-person or virtually for the entire office staff by peer professionals. Educational materials and fluoride varnish samples are provided and the training offers 1.5 CME/CEU credit for participants.

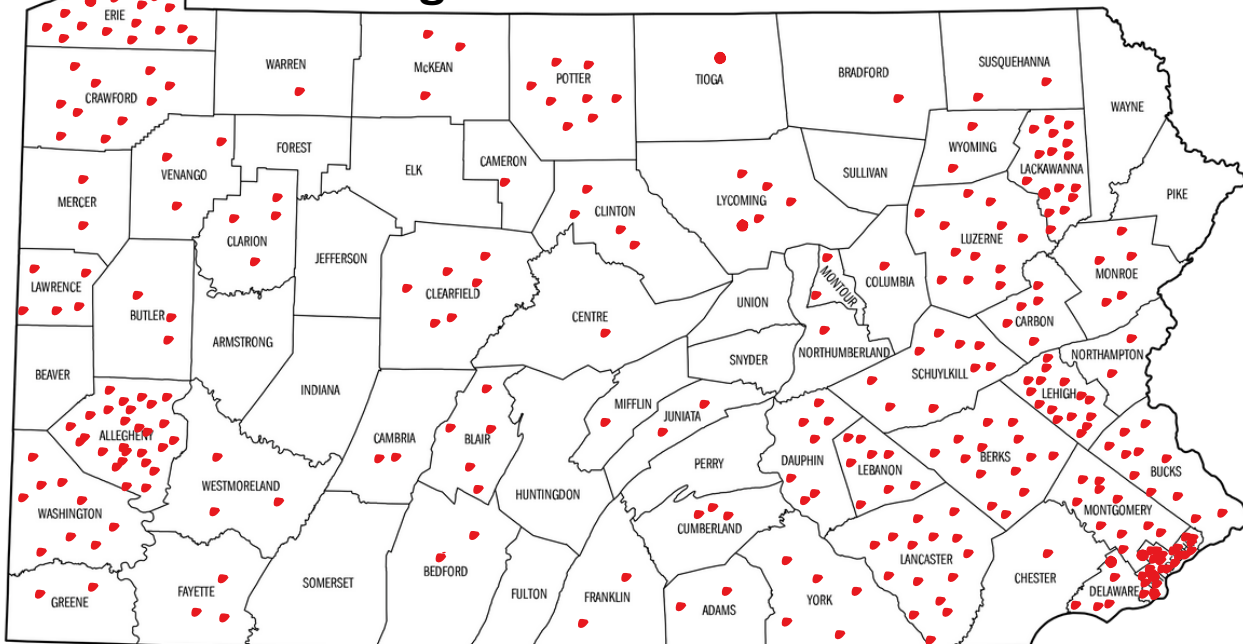

The Healthy Teeth Healthy Children program at the PA Chapter of the American Academy of Pediatrics has been offering this course to medical providers and staff in Pennsylvania since 2012.

CME is offered through UPMC.
